

TISKRE-DO

The **SG2 Cold Smoke Generator** is designed to produce clean, cool smoke for smoking meat, fish, cheese, and other foods. Its integrated cooling system helps maintain a low smoke temperature for consistent smoking results.

WARNING **Safety Instructions**

Read and follow all safety instructions before using the SG2 Cold Smoke Generator. Failure to follow these instructions may result in serious injury, fire, or property damage.

1. General Safety

Use the SG2 only for its intended purpose.

Operate the smoke generator only outdoors or in a well-ventilated area.

Keep children and pets away from the unit during operation and while it is cooling.

Never leave the smoke generator unattended while in operation.

2. Handling Safety

Handle the SG2 with care.

Some metal edges and components may be sharp.

Wear protective gloves when assembling, disassembling, or cleaning the unit to help prevent cuts and injuries.

3. Fire Safety

Never place the SG2 on wood, plastic, cardboard, or any other flammable surface.

Always use the smoke generator on a stable, level, heat-resistant surface.

Keep the unit away from combustible materials.

Do not use the SG2 near flammable liquids, gases, or vapors.

4. Hot Surface Safety

The SG2 and its metal components become hot during operation.

Do not touch hot surfaces.

Allow the unit to cool completely before moving, disassembling, or cleaning it.

Use heat-resistant gloves if handling the unit before it has fully cooled.

5. Cleaning Safety

Ensure the SG2 has cooled completely before cleaning.

Wear protective rubber gloves when cleaning the unit.

Tar and smoke residue may be sticky and difficult to remove.

Some cleaning agents may cause skin irritation. Follow the manufacturer's safety instructions for any cleaning products used.

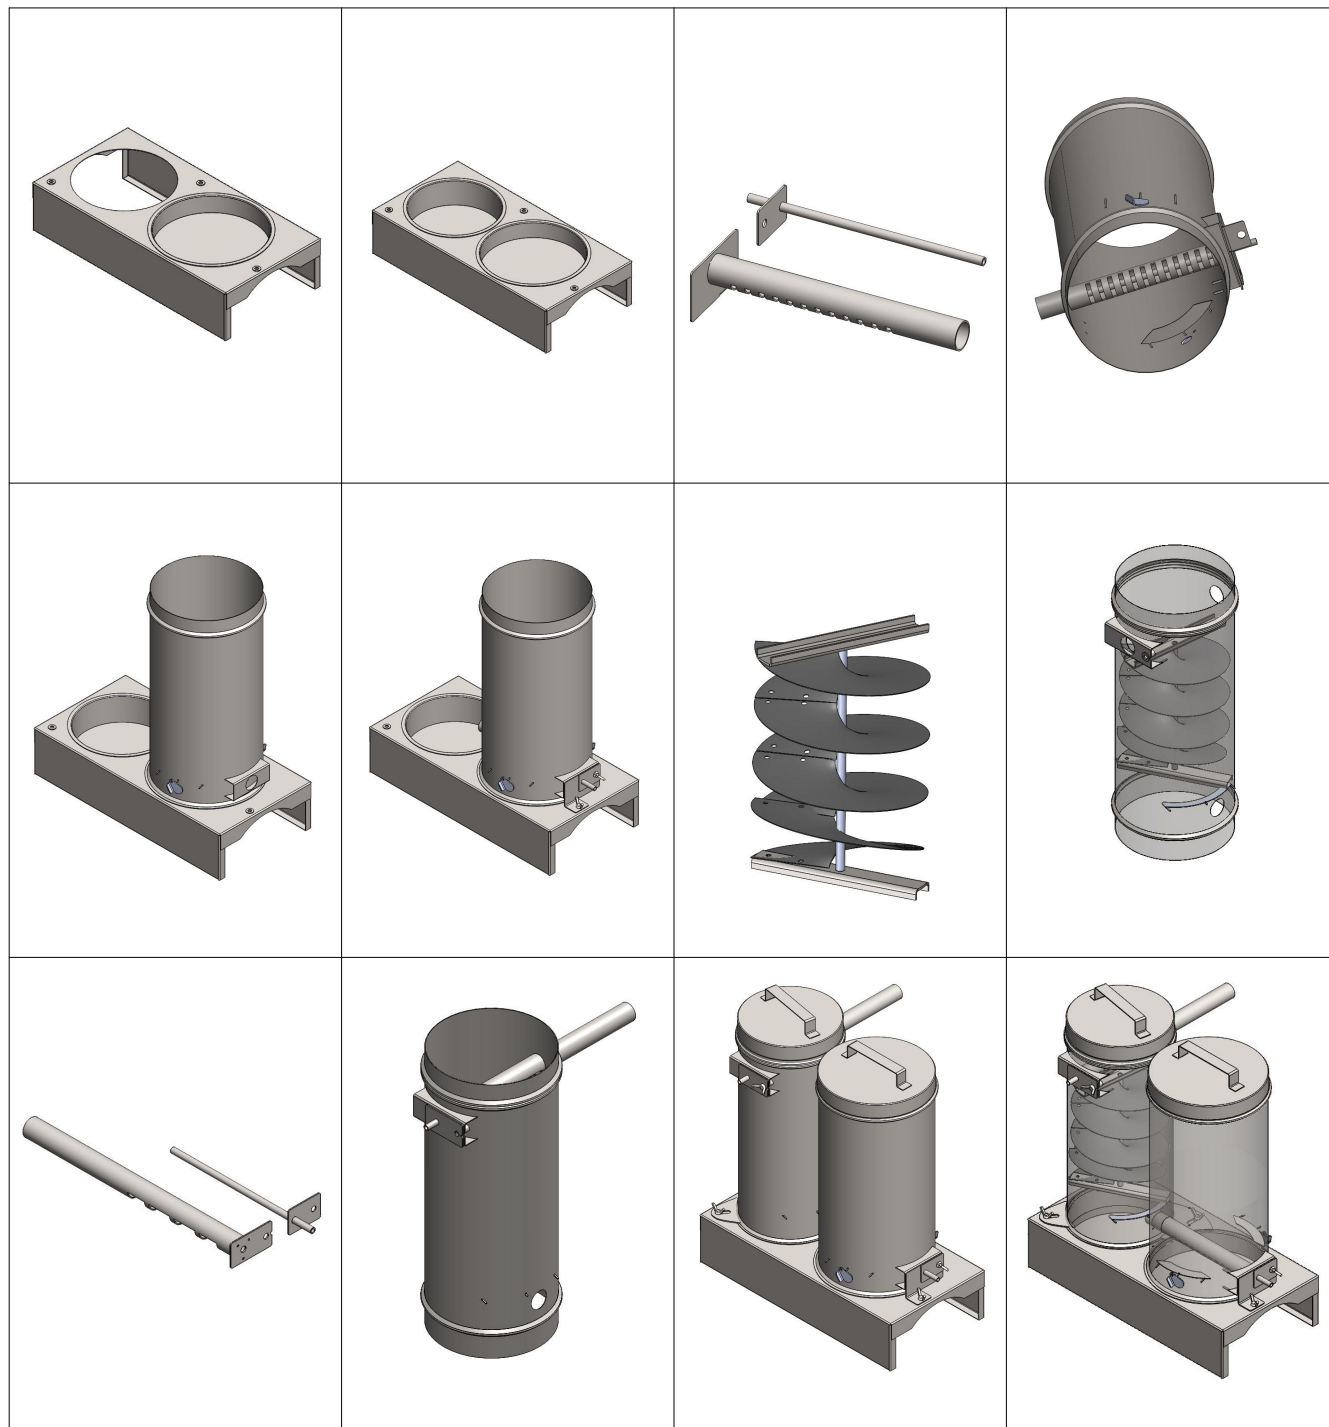

6. Fuel Safety

Use only clean, untreated wood pellets intended for food smoking.

Do not use charcoal, wood containing paint or preservatives, or any chemical fire starters or accelerants.

Assembly Instructions

Follow the steps below to assemble the SG2 Cold Smoke Generator.
